NON-EXHIBITING SUPPLIER STATUS

Every year there are some manufacturers and suppliers who do not exhibit, yet attend the Event. While all legitimate attendance is welcome, some non-exhibiting manufacturers and suppliers attempt to "suitcase" the Event, to approach buyers and exhibitors for the purpose of selling their product in the aisles.

This practice is prohibited by Amusement Expo International.

Anyone who is observed approaching buyers in the aisle or in an exhibitor's booth, and who is not a legitimate exhibitor, should be reported to Event Management. The non-exhibitor will then be asked to curtail this activity or exit the Event. These measures will be strictly enforced with the intent of preserving the integrity of the Event and maintaining a good relationship between buyer and exhibitor.

The assistance of exhibitors in watching for this type of activity and reporting it is greatly appreciated. Exhibitors are especially encouraged to note the person's name, company and the color of their badge, in addition to surveillance on the Event floor by exhibitors and Event Management for this type of attendee to prevent them from engaging in unauthorized selling in the Event.
